

PLUMPTON COLLEGE at Flimwell

Oak Timber Framing Course

19 - 23 March 2012

Plumpton College

Oak Timber Framing Course

This five day course organised by Woodnet and Plumpton College at Flimwell is aimed at those interested in learning how to construct an oak framed building.

This is a practical hands-on course with participants working together to construct and erect an 8ft by 10ft frame with a roof. You will learn the main skills required to lay out the frame, mark and cut the joints, construct the roof, make the pegs, and erect the frame. The course uses hand tools with demonstration of the use of power tools and is held in the workshop at Flimwell.

Your tutors Chris Nutley and Will English of 'Sussex Oak Framers' will guide you through the week, teaching you the practical skills and explaining the stages in planning and managing a timber frame project.

The next 5 day course runs from
Monday 19 March - Friday 23 March 2012
at The Woodland Enterprise Centre, Flimwell
East Sussex, TN5 7PR.

Course fee £415

If you work in farming, forestry or production horticulture in the South East, you may be eligible for a subsidised fee of £125 – please enquire when booking.
